ORGANIZATIONAL KITCHEN BLISS

Design harmony and superior craftsmanship combined with the warmth of wood are hallmarks of Häfele's comprehensive ecosystem of Fineline™ organization systems and components. Fineline organization began with a problem we all know: disarray in every kind of kitchen drawer. From there, our designers dug deeper to reduce clutter in a way that allowed function to expertly follow style.

Exclusive to Häfele, Fineline organization has evolved to be a premier option for kitchen, bath and other spaces on the market today. From those original Fineline pegboards and cutlery trays—which are still years ahead of their time—we now have products such as Fineline Move which makes modular drawer storage look like a magic trick; Fineline LAVIDO which transforms the LAVIDO pantry unit into a powerful statement of design and order and Fineline Kitchen Accessories which bring the Fineline look and design aesthetic to a variety of cabinet and pantry pull-outs.

The birch and walnut wood used to create all components of the Fineline organizational systems are eco-friendly and renewably sourced. The expert joinery employed in manufacturing these pieces adds incomparable elegance and refinement to any space.

DARING, YET WARM

Fineline™ Kitchen Accessories—a Häfele patent pending design—are made with a mix of warmly attractive wood and fine metal, creating a contemporary, high-end look for some of the market's most popular blind corner pull-out units. The versatile functionality of these products in your choice of birch or walnut boxes make a bold design statement for any kitchen. Available metal finishes include stainless steel, silver and champagne to complete the look.

MATCHED PERFECTLY

Bringing the combination of metal brackets and finely joined birch or walnut boxes to our popular Pantry and Base Pull-Out solutions was a bold design step. In reality though, this pairing was a natural evolution in the Fineline™ ecosystem of products. The functionality inherent to these products has never been more real while the new design aesthetic of these units is nothing short of stunning.

FINELINETM LAVIDO I CONFIGURATIONS

JUNK DRAWER NO MORE

Fineline™ Move is a selection of stylish and modular trays, dividers, boxes and holders to support wider and deeper drawer sizes. Regardless of your drawer dimensions or depth, the Fineline Move system has been designed to fit your exacting specifications. Cutlery and multipurpose inserts have been patterned to permanently segment drawers and virtually eliminate the anything goes, "junk drawer" approach to storage. Fineline Move's cutlery boxes take organization a step further, segmenting your belongings, allowing for customizable in-drawer placement and can be easily taken elsewhere when entertaining.

For organizing base cabinet deep drawers, Fineline Move's kitchen storage boxes couple stylish, everyday usability with real-world function and application. Available in two sizes, these tapered boxes with integrated handles are meant to provide optimal storage that can adjust, move and travel on demand. All Fineline Move components are available in birch or walnut to stylishly accompany any kitchen color palette.

FINELINE™ MOVE

CUTLERY INSERT

W x D x H: 11 13/16" x 16 11/16" x 1 15/16"

WELCOME HOME, STUFF

Your needs change. Shouldn't your drawer keep up? That consistent evolution is what Fineline™ is all about: a system of compartments, components and accessories which make your drawers completely yours. From cutlery trays, dividers, knife blocks and aluminum foil holders in standard drawers to plate racks, pegboards and wine racks in deep drawers. And more. Fineline is all about you and what your organizational needs are at this moment in time. Executed beautifully in birch and walnut.
