Service⁺

Not every project is the same. Häfele understands that designers and installers today want each project to fit the function and aesthetic of the individual customer – and unique projects require unique solutions. That's where Häfele's Service⁺ Programs come in.

Service⁺ is all about bringing convenience to our customers while adding value to a wide range of Häfele offerings. Each Service⁺ program has the opportunity to take your project to the next level regardless of the industry. From product kits in custom packaging to closet rods cut-to-size to custom cabinet doors – Service⁺ can make it happen.

Imagine cutting down valuable time and labor by having a custom Matrix Box P Plus Drawer Box arrive fully assembled. All you have to do is install.

Cutting, assembling and hanging a framed or pocket door can take up to a full day of work – reduce that down to as little as one hour by using our pre-assembled Aluflex or Pocket Door kits. You provide all of the specs and we do all of the work, saving you on scrap and yield while we handle the sometimes messy metal operations.

We'll develop custom kits for any requirement. Installation hardware needed, such as connectors or screws? You got it. Want them polybagged with your branding and instructions printed on the packaging? Done. Looking for bulk packs of single items to be bagged, labeled and shipped to different factories as part of your manufacturing process? We have you covered.

KNOWLEDGE. GUIDANCE. SUPPORT.

Service⁺

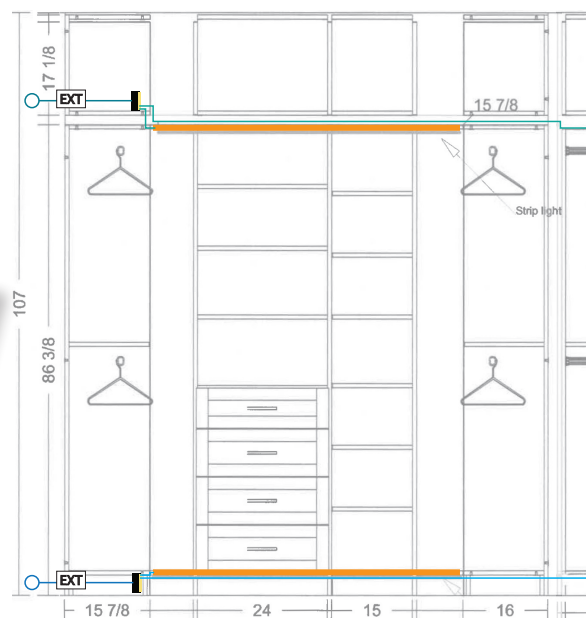

Service⁺ from Häfele isn't just about the products – our team also has decades of experience in the industries that our customers serve. Our Service⁺ Sales Specifications Team can help with everything from design consultation to order processing and delivery. We'll guide you to exactly what you need for each unique project.

THE WORLD'S RESOURCE FOR HARDWARE

THINKING AHEAD

Since 1923, Häfele has paired global expertise with local focus. Our entrepreneurial spirit allows us to operate closely with our customers and partners, driving success through understanding their needs and providing quality solutions and support. We look forward with creativity and purpose, sharing our vision to drive long-lasting mutual success.

PRODUCT ASSORTMENT

We strive to provide both exceptional quality and quantity when it comes to our solutions. With Häfele, you'll find the best variety of hardware, architectural components, and LED lighting solutions for every project.

MANUFACTURING EXPERTISE

We continue to ask ourselves what our customers need now, tomorrow and in the years to come so that our products and solutions follow. For decades we have selected, developed and produced our own Häfele-exclusive product lines, such as Häfele Lighting, Slido sliding door systems, Ixconnect connector systems, Matrix drawer boxes, and our Free family of flap fittings.

EVERYTHING FROM A SINGLE SOURCE

We pride ourselves on being able to support the industry down the line: from the initial design, to building and installation, and after—whether it's for a single piece of furniture or outfitting an entire hotel chain.

It is my great and distinct honor to introduce our latest edition of The Complete Häfele. This book is well known throughout our industry as an encyclopedia for cabinet and furniture hardware solutions which build, organize, connect and improve each of your current and future projects.

As our industry evolves, so does Häfele in order to lead development and set the pace. Within its pages, you'll find a deep yet cultivated selection of products across a wide range of categories tailor-made to meet and exceed your expectations. Our reputation among the industries we serve demands our product teams consistently seek out, adopt and offer solutions which make the things you do easier, more functional and long-lasting.

An added benefit of working with Häfele is that we're part curator, part engineer. Our Häfele Exclusive range of products – Häfele Lighting, Ixconnect connectors, Free flap fittings, Matrix drawer boxes and more – are solutions you'll only find with us.

The commitment we have to our customers at Häfele America Co., continues to evolve with the times. Our website, social media channels, and customer service and technical teams make it easier than ever to learn from, experience and transact with us.

Our promise to you is one of continued inspiration, innovation and mutual achievement. It's a challenge we at Häfele America Co. embrace each day: to make certain that your experiences with us are not just good, but leave you with a consistent, positive impression that each and everything we do — no matter how small or seemingly insignificant — is done so with your best interests and success in mind.

In 2023, Häfele America Co. Celebrated its 50th year in business serving the U.S. furniture and architectural hardware markets. As we lean into our next 50 years, our continued goal is to operate with an entrepreneurial spirit, shared creativity, and to continue delivering unparalleled products and expertise to our customers and partners.

Sincerely,

Paul K. Smith
President, Häfele America Co.
